

GATESAVER

Introducing *Crysteel's* Exclusive System...

Retrofit ANY dump body tailgate—Crysteel or others—and update it to include a hydraulic tailgate, quickly and easily.

The Crysteel GATESAVER gives you the ability to prolong the life and improve the features of all your dump bodies.

GATESAVER Features:

- Creates a tailgate opening 15 inches higher than the tailgate itself.
- Hydraulic cylinders are located inside for protection.
- Includes a traditional style tailgate hinge plate allowing the tailgate to be used for standard dump-through operations.
- Simple installation.
- Patent-pending
